

RACK ACCESSORIES

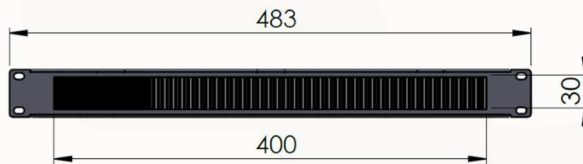

HORIZONTAL CABLE MANAGEMENT W/BRUSH

Description

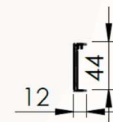

The ORCA accessories are made to help with the organization of any copper or fibre system. Easy to install in any rack, they maintain the system organized and of easy access for the technicians. ORCA's Cable Management Panel is an horizontal 1 unit high (19") cable manager used to perfectly organize Cat5E and Cat6 patch cords along with fiber patch cords. They help maintain the required bend radius also relieving stress, to ensure the protection needed to the patch cords in any rack or cabinet. The Cable Management Panel can easily be added as the system grows, adding the flexibility maintaining everything organized.
